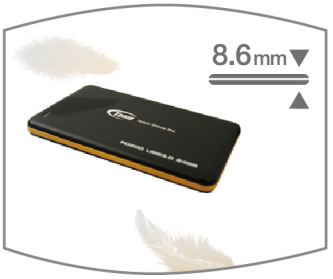
Team USB3.0 Portable Drive (PD200)

Team PD200 is a 1.8" small portable drive. It is equipped with built-in high quality flash memory. Compared to traditional hard drives, the non-mechanical structure greatly reduces the probability of product failure, while featuring low temperature-resistance, mute, shock-resistance, and low power consumption, making it more suitable for notebook/desktop users without having to replace the built-in HDD to SSD. Users can easily store all kinds of files and enjoy unlimited convenience.

Measuring only 8.6mm in thickness, the size of a name card, it is more compact and lightweight compared to smartphones with big screens, making it the thinnest portable drive in the market. It is the best choice for mobile digital library, as you can bring it with you anywhere you go.

Main Feature

- In line with the high-speed USB 3.0 transmission specifications, and compatible with the USB 2.0 transmission specifications.
- Equipped with SSD, with low-temperature resistance, mute, anti-shock, and low power consumption features.
- The name card size is ultimately lightweight and easy to carry.
- Anti-slip, wear-resistant, and anti-fingerprint.
- Supports hot-swappable; plug and use.
- LED indicator.



Specification

Item	Specification
Model	PD200
